**The Masks : A picture pantomime**

Don Freeman
 Pub Date: 9/1/20
 \$12.95 USD
 44 pages

Summary: The Masks is a wordless graphic novel featuring the stunning artwork of the legendary Don Freeman (1908-1978) printed in striking two-color gold and black. Best known for his children's books (including the classic *Corduroy*), this hitherto unpublished work shows Don at the height of his graphic expression. With his typical sparse yet all-telling lines, he unfolds a general human story of the clash of joy and suffering, and how this – with compassion – can work through to a happy end. Needing no words, the illustrations alone create a story set on humanity's stage with a graphic portrayal of humor and emotions that touch everybody.

Summary: Furie's cheerful, anthropomorphic comics character, Pepe the Frog, became a meme that was appropriated by hate groups (as seen in the documentary *Feels Good Man*, which premiered at the Sundance Film Festival.) Furie's recent paintings reflect this experience. This is a showcase for an unsettling menagerie; creatures seem to be hiding their true intentions. Furie is plumbing darker depths in these works, despite the paintings' inviting colors and friendly cartoon iconography.

Enter our heroes. Dark Guardian chases off an angry drug dealer in Manhattan. Mr. Xtreme charges in and breaks up a San Diego bar brawl. T.O. Ronin hugs a homeless man on the snowy streets of Toronto. These aren't the big-screen or comic-book heroes that have been increasingly dominating pop culture. They're real-life superheroes: individuals who take on masked personae to fight crime and help the helpless. They don't have superpowers, but they do try to make the world a better place.

Summary: In this graphic novel, Aqualantics maintain a fragile peace with their "surface brothers"—as long as their world remains a myth. But when an actor who plays the character of the "indefensible Earthman," all cynicism and vulgarity, is gradually possessed by his role, a chain reaction jeopardizes the entire kingdom and the uneasy peace between the two species. Giorgio Carpinteri's sheer graphic brilliance — fusing aspects of Futurism, Cubism, Russian Constructivism, and German Expressionism with echoes of Bauhaus and distinct whims of Art Deco — would be enough to carry this brilliant fantasy, but *Aqualantic* is also a lyrical, allegorical masterpiece exploring the relationship between the conscious and unconscious, the known and the
